# School Accountability Report Card Reported Using Data from the 2018-19 School Year California Department of Education 

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC).The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

#### Abstract

About Our School Wallis Annenberg High School, (WAHS) previously known as the Accelerated Charter High School, is a comprehensive school located just south of downtown Los Angeles near the University of Southern California. The school serves approximately 480 primarily Hispanic/Latino and African-American students in grades 9-12.

Johnathan Williams and Kevin Sved founded The Accelerated School (TAS), initially a K-4 school, in 1994. TAS was the first charter school in South Los Angeles and has maintained a reputation as an engaging environment for children to develop academically as well as socially and emotionally. The initial school opened with a $\$ 250,000$ start-up grant and rented space in a church in order to house its forty students. From this humble beginning, TAS grew first to a K-8 school and then expanded to include Wallis Annenberg High School and Accelerated Charter Elementary School (ACES), a dual language immersion elementary program. Today, The Accelerated Schools serve approximately 1700 children and their families.

The staff, students, and parent community of The Accelerated Schools are committed to a high standard of academics and character education. We are proud of our academic success and continue to encourage high academic achievement and positive social behavior.

\section*{Principal's Comment}

I am thrilled to be joining the WAHS community, a diverse, energetic and thoughtful group of hard-working administrators, teachers and students. This school is an incredible place to grow and learn for students and staff alike.

While the overarching goals of WAHS is to prepare all students to succeed in college and beyond, we also focus on creating a welcoming, hands-on environment to foster innovation and spark creativity. Our philosophy revolves around the idea of active learning-students are challenged daily to grapple with problems and collaborate to find solutions. This is a powerful guiding principle, and one we believe teaches students the skills necessary to succeed while also giving them the confidence and resilience to take risks.

We are teaching students to become active global citizens, ready to take on a life and a career in the 21st century.

## School Description and Mission Statement (School Year 2019—20)

For more than 25 years, The Accelerated Schools have embraced a commitment to academic excellence and achievement guided by the belief that all students can excel when nurtured in a school environment that combines high expectations for students, and active involvement from parents and the community.

Our schools prepare students with the foundational knowledge, tools and skills needed to be productive, engaged citizens and lifelong learners. Our goal is to instill from an early age the important academic and character strengths that will help them succeed in college, career and life.

We believe The Accelerated Schools enriche the lives of students and their families through a mix of academic, cultural, and community-focused programming and has been instrumental in transforming the South Los Angeles community.

The Accelerated Schools will graduate students who are prepared to succeed at the university and career of their choice who will enter the workplace as informed and productive employees, entrepreneurs, community leaders, and will act as responsible citizens.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4)

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

## Opportunities for Parental Involvement (School Year 2019-20)

WAHS is committed to engaging parents in their child's education. Research confirms the importance of parent involvement in student achievement. Parents are their child's first and life-long teachers and can influence their child's educational outcomes in powerful and long-lasting ways. The core belief that parents are our partners is the foundation for WAHS' overarching policy on parent engagement and is reinforced through its Title I Parent Involvement Policy.
Pursuant to Title I, Part A, Section 1118(a) of the No Child Left Behind Act of 2001, The Accelerated Schools Title I Parent Involvement Policy was developed in collaboration with and approved by parents of Title I students.
Parents participate in the policy development and approval process through meetings that take place at the school site. The meetings yield important feedback on ways schools can improve parent involvement practices and identified how the schools can strengthen both school and parent capacity to foster trusting relationships that result in positive outcomes for students.
WAHS students will learn in a positive, welcoming, safe and supportive environment; parents, students, and community voices will be valued in enhancing student's success and stakeholders will demonstrate a commitment to uplift the community by:

1. Administering annual parent surveys covering topics of school climate, parent workshops and trainings, volunteering opportunities and overall increase of parent participation at school.
2. Workshops for parents in various areas: English Language proficiency and reclassification criteria, math, literacy, discipline/social-emotional supports at home 3. Coffee with the Principal provides informal opportunity for parents/guardians to share strengths and areas for improvement at the school related to academics and school culture.
3. Communication in a language parents understand: newsletters, robocalls, flyers, informational postings at school entrance, parent informational meetings and parent conferences
4. Reclassification assemblies/celebrations with students and parents to acknowledge effort and learning by students
5. Assemblies to recognize students for attendance, academic, and social-emotional improvement and achievement by providing incentives

## State Priority: Pupil Engagement

## State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## School Safety Plan (School Year 2019-20)

WAHS updates its School Safety Plan on a yearly basis. Disaster drills are practiced on a monthly basis and the campus participates in the Great Shake out each October along with the rest of the state.

The school safety and security team are in constant communication with administration and local law enforcement. In the event of any unforeseen situation on campus, parents are notified through the RoboCall system. Emergency supplies are refreshed as needed and campus facilities staff ensures that they are in compliance and accessible at a moment's notice.

The campus nurse provides ongoing trainings for the entire staff on topics such as Glucagon administration and EpiPen usage. Each year the safety plan is presented to the school's governing board for approval. Parents are also updated on the safe school plan during a school wide parent meeting. Copies are provided in the front office and the plan is also posted on the school's website. The school staff is updated as well at a faculty meeting.

## School Discipline Policy

At WAHS we believe that discipline is not about punishment, but rather about behavior redirection and the development of personal responsibility.
Students experience various developmental stages during the growing years. The school community is an informed community which cultivates among its staff, an understanding of age appropriate behaviors. In order to support personal responsibility and positive social interactions school-wide, WAHS has developed a schoolwide plan for positive discipline and support which includes Restorative Justice practices. Together, students, staff and families will build a foundation that students will need in order to function harmoniously throughout the school day with their peers and teachers. The effectiveness of the school-wide plan requires the participation and support of all staff members. In order for this philosophy to be truly effective, there must be continuity between the school and home environment.
